

## What is VetCor TechLife?

The TechLife program serves as a resource for our veterinary technicians and to show VetCor's commitment to their personal and professional growth and success.

Our TechLife team regularly connects with techs across the VetCor network to:

- Communicate current benefits and opportunities
- Increase awareness about paths to relocation, leadership, and corporate careers
- Encourage techs to work with their hospital managers and Chiefs of Staff to learn new skills to further develop their careers
- Offer a [forum](#) for our technicians to connect, ask questions, and share ideas
- Introduce regional managers and the TechLife team as support contacts
- Utilize tech feedback to identify and implement additional opportunities for support

## TechLife is better here.

<b>compensation &amp; benefits</b>	<ul style="list-style-type: none"> <li>Competitive compensation &amp; benefits package</li> <li>Merit-based reviews each year</li> <li>Promotion &amp; coaching opportunities</li> <li>Paid scrubs, license dues, rabies vaccines &amp; titers<sup>1</sup></li> <li>Earn more with Team Rewards Bonus and Lend A Hand programs</li> </ul>
